HELMET ACCESSORIES

7 Pad Liner System
Pad Liner System 0.5” Thickness
Movable sweat-wicking comfort pads provide impact protection and superior comfort by distributing the helmet’s weight evenly. The 7-Pad Liner System includes 1 circular crown pad, 2 trapezoidal pads, and 4 oblong pads which are available in various thicknesses.

Retention System
Easily adjustable 4-point attachment system provides optimal retention and fit. Retention System includes nape pad, adjustable tensioners on straps, chin cut and buckle. The system accommodates small, medium, large and extra-large helmets. Available in Black, Olive Green, Foliage Green and Tan.

Helmet Bag
Helmet storage bag composed of durable, water resistant fabric with drawstring opening and a personalized name tag.

Modular Suspension System
The Modular Suspension System (MSS) is comprised of an impact liner, dial fit band, comfort pad system and retention system. The impact liner is made of low profile impact material and exceeds U.S. Army ACH impact standard. An adjustable crown net allows for sweat wicking and comfort. It suspends the helmet shell on the wearer’s head, meaning the impact liner does not come into contact with the head, providing a free flow of air for cooling benefits. The system accommodates small, medium, large and extra-large helmets. Available in Black and Tan.
Helmet Accessories
